BRIGHT IDEAS

Many older adults fall prey to financial scams each year. Use these tips to protect yourself or someone you know.

- Always tell solicitors: “I never buy from (or give to) anyone who calls or visits me unannounced. Send me something in writing.”
- Shred all receipts with your credit card number.
- Sign up for the “Do Not Call” list and take yourself off multiple mailing lists. Visit www.donotcall.gov to stop telemarketers from contacting you.
- Use direct deposit for benefit checks to prevent checks from being stolen from the mailbox. Using direct deposit ensures that checks go right into your accounts and are protected. Clever scammers or even scrupulous loved ones have been known to steal benefits checks right out of mail boxes or from seniors’ homes if they are laying around.
- Never give your credit card, banking, Social Security, Medicare, or other personal information over the phone unless YOU initiated the call. Review your Medicare statements to be sure you have in fact received the services billed, and report suspicious activities to 1-800-MEDICARE.
- Be skeptical of all unsolicited offers and thoroughly do your research. Be an informed consumer. Take the time to call and shop around before making a purchase. Take a friend with you who may offer some perspective to help you make difficult decisions.
